

From Dianna Franzen and Kathy Ehret...

To All Troop 23 Adults...

Attached please find our current list of positions.

As you can see, some positions are currently filled and others are not. *We are looking for adults to help fill these positions as soon as possible.* Some positions are not currently available but will need someone to start to learn the job so that the transitions will go smoothly. Some of the adults who currently hold important positions will be leaving the troop at the end of this scouting year and are anxious to share all they have learned to help the Troop continue to run smoothly.

We realize that everyone has a busy life but the Troop really needs help from all adults, a little or a lot goes a long way. It is much easier on everyone if we only have to cover one position and not multiple ones. If you want to volunteer for something other than what is on the sheet – you can just write it down under “Other” or see me. We always have things that need to be done. Some of the positions require very little time...for example, chaperoning for a day event such as Muscular Dystrophy telethon or helping with hospitality at an Eagle Court of Honor.

If you are remotely interested in any position please let me know. If you would like to find someone to share that job that would be even be better!

You can email me at ddf Franz@ameritech.net or let us know at the Registration picnic on August 21.
